Parent testimonial:

“Our (oldest) son’s scores rose well above his PSAT and above the first SAT he took before tutoring. We then had (New Jersey Tutoring) tutor our second child, and he also achieved ... his very best scores of which he was capable, on both the SAT and the ACT. (New Jersey Tutoring) is presently tutoring our third child, and we know that she will achieve far beyond her PSATs and achieve her optimal scores for BOTH tests. And I think I should also mention - I am a teacher.” It is important to note that the scores of the third student referred to here rose from 1200s on her PSAT to a near perfect score of 1550 out of 1600 on her SAT.
