Dear Parents/Guardians,

Unless parental permission is denied, Warren Tech students will be required to complete a Health course which includes a State mandated Family Life course of study.

If you prefer that your son/daughter NOT receive instruction in one or more of these areas, please check the space next to that topic and return this form. Students exempted from one or more subject areas will be provided with alternative assignments in health topics not related to Family Life. If you desire more information regarding Warren Tech's Family Life Curriculum or would like to review any resources used in teaching the course, please call your child's guidance counselor.
