Program Selection

With the assistance of their counselor, using the recommendations provided by their classroom teachers, students will select their courses. Parents are encouraged to contact the counselor if they have any questions regarding course selection. A typical program consists of nine periods of instruction, usually four academics, physical education one/two electives, and two/three career and technical education. Courses are offered based upon student enrollment. Under-enrolled courses may be cancelled prior to school opening. Students are required to select alternate elective courses in priority order. Warren County Technical School graduation requirements may not meet all college admissions requirements. It is essential that students review the requirements specific to the college or major of their choice. To meet the needs of competitive universities, a challenging academic schedule should include four years of coursework in English, mathematics, Social Studies, and Science and at least three years of a foreign language. Additional consideration will be given for Honors and Advanced Placement courses.

Course Level Recommendation

Any decision concerning a student's course placement will be made cooperatively between classroom teachers and guidance staff using the following criteria.

- Current academic achievement
- Motivation, study habits, effort, and maturity.
- AP level class may require submission of examples of student work and/or interview.

Schedule Changes

A change in a student's schedule must have merit and meaning behind it. Students are encouraged to review their schedule the week before school begins and email any transfer requests to their guidance counselor. After September 22nd no schedule changes will be made unless warranted by the Child Study Team or the Administrative team. Seniors will be given first priority

Grading

The grading scale utilized by Warren County Technical School is the recommended grading scale from the College Board. Grades will not be weighted. Each marking period grade is calculated as 20% of the final grade for a full year course. The final exam is calculated as 20% of the final yearly average.

Furthermore, homework and class projects help students cultivate effective study habits such as time management, independent learning, notetaking, and self-discipline. Homework should provide reinforcement and extension of class instruction, and should serve as a basis for further study and preparation for future class assignments. With that in mind student should expect frequent homework assignments and occasional projects during each marking period of study.

Final Exams

Guidance/Student Services

The guidance program in the Warren County Technical School District is an integral part of the total educational program. The program is designed to help each student gain the maximum benefit from the high school experience by fostering self-assessment and consideration of alternative strategies through individual and group counseling. Career and academic planning are important components of the department’s services.

The school counselor can help the student evaluate personal strengths, weaknesses, likes, and dislikes, which will assist in establishing and achieving realistic goals. The counselor is trained in interpreting standardized tests, and knowledgeable about providing the most current information regarding the opportunities available in higher education and indicating the projections for future growth areas in the work force.

Counselors consult and work cooperatively with all members of the school staff to facilitate the student's progress.

Although counselors will routinely schedule conferences during the school year, appointments can be made at any time when seeking assistance with personal concerns, researching career opportunities, or wanting to obtain information for the college planning process.

Please feel free to contact a counselor with any questions you may have regarding the school, programming, or student progress. The guidance counselors are assigned by grade. Students must achieve a final grade of a C or better in order to earn credit through WCCC. Transferring these credits to another college or university is handled by WCCC. Warren County Technical School will continue to work with WCCC to provide additional dual enrollment opportunities.

Senior WCCC Option

Warren County Technical School students have the ability to take college courses at WCCC in the afternoon after taking their Career, English, and Physical Educations courses in the morning. Students wishing to take advantage of this option must receive approval from Guidance that they have met all other graduation requirements and that they are in good discipline standing with the school.

Attendance

Attendance Policy

The Warren County Technical School Board of Education requires that the pupils enrolled in this district attend school regularly in accordance with the laws of the State.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive the pupil of the classroom experience deemed essential to learning and may result in return to his/her home district. Missed hours in a student's career major cannot be replaced with home instruction.

Unexcused absences from school or from classes within the school day constitute truancies and shall be subject to the disciplinary rules of the Board. Repeated truancies may result in further actions.

General Attendance Procedures

On the morning of the first day of absence, parents or guardians are urged to call the absenteeism line at **689-0122** and **press 1** to report a child's absence.

- 1) ALL written excuses, including medical, dental, and legal, **must** be presented to the attendance secretary, or her designee, within **two (2) school days** after that student first returns to school. If a note has not been received within two (2) school days, the absence will be considered unexcused unless otherwise authorized by administration.
- 2) An excused absence will be granted only with a doctor's note within 48-hours, or other legal documentation as presented to an administrator for a status determination. Notes should be brought to the office before homeroom.
- 3) Any student who acquires six excused or unexcused absences in a marking period or a **total of twenty-five excused or unexcused absences** for the year will be transferred back to his or her sending district. Hands on training time missed in the career academy cannot be replaced with extra homework or make-up assignments. A letter explaining the justification for this change in academic placement will be sent at this time, which outlines the appeal procedure for this decision.
- 4) At the occurrence of six, ten and sixteen **unexcused** absences, a student will receive notification from the Assistant Principal letting him or her know the ramification of further absenteeism. At the sixteenth **unexcused** absence for those less than sixteen years of age, a letter will be sent home, and by legal obligation Warren County Technical School will file truancy charges against the parents. On the 17th day of the unexcused absence, the student will lose all credit for the year and will return to his/her sending district at the conclusion of the year potentially to repeat the grade. A letter explaining the justification for this change in academic placement will be sent at this time, which outlines the appeal procedure for this decision.
- 5) An attendance appeals hearing can be requested. This constitutes meeting with the attendance appeals committee to discuss and review documentation of the absences. The appeals committee can excuse or omit an absence or leave the record as it stands. The decision of the appeals committee will be reviewed by the Principal upon parent request. The Superintendent's decision is final. At the occurrence of 15, 20 and 22 **TOTAL** absences, a student will receive written notification of the total number of absences and the ramifications of reaching 25 **TOTAL** absences.
- 6) After 5 unexcused absences counselors will develop a corrective action plan together with the student.

Tardiness

In order for our school to provide an effective educational program, it is important for students to report to school on time.

- 1) School Tardiness – Anyone who is not in his/her assigned homeroom at the second bell at 8:02 is considered late to school. Any student who arrives after 8:02 a.m. must report to the main office to sign in with their student ID and receive a pass.
- 2) Class Tardiness – A student is tardy if he/she is not in his/her assigned class when the bell rings. Tardiness constitutes a I (1) Point infraction.
- 3) Continued tardiness to school may significantly impact students' opportunities to attend field trips or other school sponsored activities.

Guidance Counselors will notify parents of excessive tardiness and its impact on the overall grade.

Morning Arrival Procedures

Upon arrival at Tech, all underclassmen are to report to the cafeteria and wait for the first bell. All food and drink must be consumed in the cafeteria and discarded before homeroom. Please clear all tables of newspapers, cans, etc., before leaving.

**A senior privilege area known as the Senior Court is established in the theater lobby to provide social and wait time for seniors.

Early Dismissal

Early dismissals are discouraged. However, the school will honor medical/dental appointments and extreme emergencies. To arrange for early dismissal a parent must write a letter to the main office specifying the date, time and reason for the request. The note will be followed up with a call to the parent/guardian.

- 1) Early dismissal is an excused legal dismissal from school, but only after a student has completed four hours of instruction.
- 2) No student will be permitted to leave school without this parental authorization. Students must be picked up and signed out by a parent.
- 3) Excused early dismissals may be granted for the following reasons:
 - a) Students who become ill in school and wish to go home must report to the nurse's office for permission.
 - b) Approved college visitations.
 - c) Verified medical or dental appointments.
 - d) Verified appointments for a driving test.
 - e) Required court appearances.
 - f) Death in the Family
 - g) Other reasons of an emergency nature approved by an administrator.

Parental permission via telephone is not acceptable. Any student over the age of 18 must abide by these same regulations.

*** Students may not call parents themselves, from either a cell phone or school phone to be dismissed for any reason.** Students who take it upon themselves and call a parent to report that he/she is ill and does not follow procedure is subject to disciplinary action and will not receive an excused absence.

Senior College Visitation

Seniors and parents are urged to visit the college(s) they are considering. However, we recommend visitations be arranged, whenever possible, when our school is closed. It is recommended that juniors visit colleges during our spring recess while colleges are in session. Seniors will be limited to three visitations during the school year; more than three must be approved by administration.

**A letter from the college acknowledging the visit must be submitted to the attendance secretary to qualify for an excused absence.

Discipline

Behavioral Expectations (District Policy 5500)

The Board of Education believes that pupils should commit themselves to learning and to the development of their unique potential. Pupils should know that their attitudes and acts affect both their own and their classmates' learning and should accept responsibility for helping to create a positive school environment. With the support and assistance of school staff members and parents or legal guardians, all pupils can contribute to the effectiveness of the school and the value of their education.

The Board expects all pupils in this school district, commensurate with their age and ability, to:

1. Prepare themselves mentally and physically for the process of learning;
2. Respect the person, property, and intellectual and creative products of others;
3. Take responsibility for their own behavior;
4. Use time and other resources responsibly;
5. Share responsibilities when working with others;
6. Meet the requirements of each course of study;
7. Monitor their own progress toward school objectives; and
8. Communicate with parents or legal guardians and appropriate school staff members.

Disciplinary Infractions and Consequences

Each level has corresponding points to the infraction. A student accumulates points after each infraction has occurred. The student will be given due process rights after the allegations have been stated. The administrator handling the infraction will assign a designated level and corresponding consequence. Parents will be notified of any student discipline referral.

**** A STUDENT WHO ACCUMULATES 5 INFRACTION POINTS WILL AUTOMATICALLY BE ENROLLED IN THE PEER 2 PEER PROGRAM FACILITATED BY GUIDANCE.**

The Peer 2 Peer Program is designed to provide an opportunity for students experiencing difficulty to assess, analyze, and reflect upon those behaviors and issues that have brought them to this point. With the assistance of a trained upperclassman, the student has the opportunity to reduce the cumulative disciplinary point total.

A STUDENT ACCUMULATING A TOTAL OF 10 POINTS WILL BE BROUGHT TO THE INTERVENTION AND REFERRAL SERVICES COMMITTEE FOR CONSIDERATION.

A STUDENT WHO HAS ACCUMULATED 20 INFRACTION POINTS AT ANY TIME DURING THE YEAR WILL BE REQUIRED TO RETURN TO HIS/HER SENDING DISTRICT EITHER MID-WAY OR AT THE END OF THE CURRENT YEAR. A letter explaining the justification for this change in academic placement will be sent at that time, which outlines the appeal procedure for this decision.

ADMINISTRATION RESERVES THE RIGHT TO RETURN A STUDENT TO HIS/HER SENDING DISTRICT AT ANY TIME REGARDLESS OF HIS/HER POINT VALUE. A letter explaining the justification for this change in academic placement will be sent at that time, which outlines the appeal procedure for this decision.

All information regarding disciplinary actions taken against the student by the district and information in the student's record received by the district pursuant to N.J.S.A. 2A: 4A-60 shall be maintained in the student's record. This information may be forwarded to another school district in accordance with N.J.S.A. 18A: 36-19a and N.J.S.A. 18A: 36-25.1 in the event the student transfers to another district.

NJSIAA Steroid Testing Policy

In Executive Order 72, issued December 20, 2005, Governor Richard Codey directed the New Jersey Department of Education to work in conjunction with the New Jersey State Interscholastic Athletic Association (NJSIAA) to develop and implement a program of random testing for steroids, of teams and individuals qualifying for championship games. Any student-athlete who possesses, distributes, ingests or otherwise uses any of the banned substances on the attached page, without written prescription by a fully-licensed physician, as recognized by the American Medical Association, to treat a medical condition, violates the NJSIAA's sportsmanship rule, and is subject to NJSIAA penalties, including ineligibility from competition. The NJSIAA will test certain randomly selected individuals and teams that qualify for a state championship tournament or state championship competition for banned substances. The results of all tests shall be considered confidential and shall only be disclosed to the student, his or her parents, and his or her school. No student may participate in NJSIAA competition unless the student and the student's parent/guardian consent to random testing

Extracurricular Activities

Warren County Technical School offers a variety of extracurricular club and activities. Membership in one of more club or activity increases the connection between students and their school. All clubs and activities receive Board approval based on recommendations from staff and review by administration. Participation in after school activities and clubs is a privilege that can be revoked by administration based on a student's academic performance or disciplinary infractions. Club advisors may also set academic standards that students must meet to participate in extracurricular activities.

All Warren County Technical School students will be provided with bus services to and from school each school day. Information about stops and pickup times can be found on the Parent Access Portal of Genesis. Additionally, Warren County Technical School provides transportation to and from school for all field trips, athletic contest, and will provide a 5:00 PM late bus on Tuesdays and Thursdays for tutoring and other after school opportunities. Late buses will follow a limited route and student late bus stops may be different from daily stops. A list of these late bus stops can be found on the school website.

Bus Information

Questions regarding busing can be directed to Ray Gara by either calling him at 908-835-2841 or emailing him at garar@wctech.org.

Bus Conduct

The following policy is designed to ensure the safety of all students transported by Warren County Technical School. All students being transported on school vehicles must be considerate of the safety and well-being of their fellow passengers. Misconduct on a school bus can distract the driver's attention from his/her primary responsibility, that of safely transporting all students on that vehicle.

The bus represents an extension of the school system; therefore all the rules that apply at Tech also apply when on the bus.

Students are required to:

- 1) Show respect for the driver at all times.
- 2) Enter and leave the bus in turn with no pushing or crowding.
- 3) Be seated while the bus is in motion.
- 4) Talk in a reasonable tone of voice.
- 5) Refrain from profane or abusive language.
- 6) Keep the bus clean, with no littering or spitting.
- 7) Remain in their assigned seat. No extending of any part of the body may hang out of the window, no jumping over seats, and no throwing of objects.
- 8) No eating or drinking or smoking on the bus.
- 9) No smoking on school buses.

Behavioral expectations are the same on the bus as they are in school. Proper bus conduct extends to all field trips and school based events.

*****Violation of any of the above may result in suspension of bus riding privileges for a specified period of time.***

Bus Passes

Students wishing to ride a bus other than their own, are required to present a note from their parent/guardian to the main office prior to the beginning of the school day. All notes are verified via phone and a pass given to the student.

Driving to and from Warren County Technical School is a **PRIVILEGE** that may be extended in accordance with school policy and rules promulgated by the district.

- 1) ALL students who intend to drive to school MUST participate in the required "Drive to Survive" course the next time that it is offered. If students do not attend the next session of the course, driving privileges will be revoked until the course is successfully completed.
- 2) All students must apply for a parking permit. This will consist of presenting your license, registration, and insurance card for photocopying, proof of "Drive to Survive" card and a copy of the driving regulations form signed by the student and parent. All parking decals must be displayed on the rear driver's side window.
- 3) Improper/unsafe operation of the vehicle will result in driving privileges being revoked. The length of time is at the sole discretion of the administration.

- 4) Each vehicle must be parked within the numbered space assigned by the administration.
- 5) A **15-m.p.h.** speed limit is the absolute maximum on school property.
- 6) In keeping with state law, smoking or use of any tobacco products in cars on school property is strictly prohibited.
- 7) The west driveway, Phillipsburg side, is the **only** permitted entrance. The driveway in front of the school may not be used. No loitering is permitted in the parking lot at any time.
- 8) A pupil shall not use his/her vehicle to leave the campus at any time other than his/her permitted dismissal time.
- 9) School buses have first priority. All drivers **MUST** yield right of way to all buses and pedestrians.
- 10) Students leaving school prior to the buses must drive behind the building and exit through the entrance shared with Warren County Community College.
- 11) The Board of Education is not responsible for lost or stolen items or damage to automobiles.

* Any violation of driving rules or unsafe operation of a vehicle on school property will result in disciplinary action including the loss of driving privileges.

Students may only play music on their cell phones/electronic devices using head phones. Additionally, students are not to use electronic devices for personal communication or to photograph/record others in the school. At all times students are to follow the directions of teachers and staff members concerning the use of personal electronic devices. Failure to comply may result in disciplinary action. The Plan is an all hazards plan. Each year, we will continue to work with students and staff along with key members of the community to improve our responses to potential crises.

Field Trip Policy

Any student who is attending a field trip must have a permission slip signed by a parent or guardian. Students must also have the remainder of their teachers sign a permission slip stating that they have permission to attend the trip.

* It is the student's responsibility to hand in all assignments due and make up work missed during their class trip.

Flag Salute and Pledge of Allegiance

The Pledge of Allegiance will be recited each day during morning announcements. New Jersey law requires you to show respect for the flag of The United States of America. If you are conscientiously opposed to the pledge or salute, you may abstain; however, you must sit or stand respectfully, remain silent, and remove your hat.

Health Office Procedures

- 1) If the nurse sends someone home for a medical reason and the person is out the next day, the nurse will call home to verify that the student is still out for the same circumstances. The nurse will excuse the absence through the attendance secretary.
- 2) Except in cases of emergency, students are not to report to the nurse without first having the teacher call down to the nurse to verify availability. All students must have a valid pass to visit the nurse's office.

*** If a student spends more than one class period in the nurse's office, the cumulative time spent in the instructional setting is then jeopardized with respect to the classroom requirements.** If any staff member feels that the student has been in the nurse's office excessively, he or she may bring that student's name to the administration. They, in turn, will investigate the possibility of a 1 Point Disciplinary Infraction.

Injury Protocol

If a student is injured at school or during a school activity or athletic event, he/she **must** immediately notify the staff member in charge, who will in turn notify the nurse/athletic trainer and the office so that the appropriate personnel can be called and forms can be completed.

*****Lunch detention may be assigned as a consequence of previous actions of a student. The main office will inform the student. Lunch detention rules will be posted in the designated classroom.**

Passes

Any student who must be in the hall while class is in session must sign out of the classroom that he/she is leaving. Teachers reserve the right to question the intent of the student. It is the student’s responsibility to ask the teacher to sign a hallway pass before leaving a class or special area to see a guidance counselor, administrator, or school nurse, or to go to the library.

**** Pass misuse will result in an I Point Disciplinary Infraction.**

If someone is attempting to enter the building please tell them to wait and contact a staff member of the main office immediately. If a student would like to bring a visitor to the building for any non-public event it must be cleared with administration prior to arrival and the visitor must enter through the main entrance and sign in appropriately.

Lost and Found

Students are responsible for returning any lost items immediately to the main office to ensure their safe return to the rightful owners. Unclaimed items will be donated to charity after 30 days. Once again, students are reminded that valuable items and large sums of money should **not** be brought to school
